

RAILWAYS BOOKLET

Although not many booklets have been sold to date (we have yet to publicise it more widely) additions are already coming in.

The two items perhaps of most interest are,

- a. Confirmation of the B R die being used by the London, Brighton South Coast Railway by a non member. He has a receipt slip, issued by the Company, dated 7th September 1920, and having two $\frac{1}{2}d$ K.G.V. perfins affixed. These perfins are nicely tied to the Receipt with a circular rubber stamp of Oxted station.
- b. Great Western Railway Company. Member Mary Thornton has a post card perforated with Die ii showing this to have been used by the Great Western & Cornwall Railways. The post Card is dated 15th September 1886 and was issued from the Divisional Superintendent's Office, Plymouth.

Copies of the Railways Booklet are available to members at a price of £1 post free. The price to non members is £1.50 post free and not £1.30 as stated in our last issue. However, to save embarrassment, if any member has offered to obtain copies for colleagues at the lower figure, the Society will honour the agreement.
